Explanation of Responses:

- 1,000 additional shares were mistakenly reported in the reporting person's direct holdings due to a mathematical error on the reporting person's last Form 4. This number represents the shares held directly by the reporting person immediately following the reported transaction.
- 650 shares were mistakenly double counted in the reporting person's direct holdings and indirect holdings. This number reflects the correct number of shares held by the reporting person after the gift of 650 shares to his daughter sharing his household.
- The reporting person disclaims beneficial ownership of all shares held by his daughter, and this report should not be deemed any admission that the reporting person is the beneficial owner.
