The conversion rates for the notes are adjusted in connection with the regular quarterly dividend of \$0.15 to be paid on June 14, 2012, to all stockholders who own shares of PDL on June 7, 2012, the record date.

February 2015 Notes

The conversion rate for the February 2015 Notes was previously 159.098 shares of common stock per \$1,000 principal amount of the February 2015 Notes. In connection with a cash dividend, the conversion rate is increased by multiplying the previous conversion rate by a fraction, the numerator of which is the average closing price of PDL's common stock for the five consecutive trading days immediately preceding the ex-dividend date of June 5, 2012, for the cash dividend, and the denominator of which is such average closing price minus the per share dividend amount.

May 2015 Notes

The conversion rate for the May 2015 Notes was previously 139.2165 shares of common stock per \$1,000 principal amount of the May 2015 Notes. In connection with a cash dividend, the conversion rate is increased by multiplying the previous conversion rate by a fraction, the numerator of which is the average closing price of PDL's common stock for the ten consecutive trading days immediately preceding the ex-dividend date of June 5, 2012, for the cash dividend, and the denominator of which is such average closing price minus the per share dividend amount.

Series 2012 Notes

The conversion rate for the Series 2012 Notes was previously 159.098 shares of common stock per \$1,000 principal amount of the Series 2012 Notes. In connection with a cash dividend, the conversion rate is increased by multiplying the previous conversion rate by a fraction, the numerator of which is the average closing price of PDL's common stock for the five consecutive trading days immediately preceding the ex-dividend date of June 5, 2012, for the cash dividend, and the denominator of which is such average closing price minus the per share dividend amount.
