Item 7.01 Regulation FD Disclosure.

As previously disclosed, PDL BioPharma, Inc. (the “Company”) extended waivers through November 30, 2016 under the credit agreement between the Company and Direct Flow Medical, Inc. (“Direct Flow Medical”) related to certain defaults of Direct Flow Medical pursuant to the credit agreement. During this waiver period, the Company explored its options while Direct Flow Medical continued to seek additional financing. Late in the morning, Pacific Standard Time, on November 16, 2016, Direct Flow Medical advised the Company that its potential additional financing source had significantly modified its financing proposal, changing from an equity investment to a loan in a substantially lower amount and proposing other less favorable terms. The Company is evaluating its alternatives regarding its investment in Direct Flow Medical in light of this development. The Company may elect to initiate foreclosure proceedings with respect to Direct Flow Medical’s assets that secure the Direct Flow Medical loan. If it does so, there is no assurance as to the value the Company may realize upon foreclosure, and it is likely the investment will be further impaired, resulting in a write down of a portion or all of the value of the investment.
